

Order fractions (Stage 4-6)

Duration:
Approx 10-15 mins

- Using a pair of dice, roll the dice and use the numbers to make a fraction
- How many different fractions can you make? Using just two numbers?
- Roll the two dice 2 more times and make 6 different fractions
- Order your fractions, smallest to the largest

You will need:

- A pair of dice
- Pencil
- Paper

L/O: To compare and order fractions.
